**Team Name:** sddec21-02
**Team Members:**
>       Matthew Dwyer
>       Prince Tshombe
>       Cody Tomkins
>       Spencer Davis
>       Braedon Giblin

**Report Period:** March. 1-14

## Summary of Progress in this Period

- Functional demo application is working after troubleshooting with client and advisor.
- Completed project proposal and received feedback from the client.
- Composed and posted a request for feedback from the open-source community on the demo project.
- Received clarified deadlines and goals from our client about project and implementation.

## Pending Issues

- Implementing / testing thread demo
- Custom SystemC model needs to be created and tested as a proof of concept

## Plans for Upcoming Reporting Period

- Compose API and project plan/diagrams for UDP protocol SystemC implementation
- Get Thread demo working on top of current timer demo
- Revise design proposal document
- Start development on the project website
- Client will not be able to meet this week, will have more time to work on documentation and get feedback from the open-source community before the next client meeting
